SIERRA MADRE, CALIF. THURSDAY, DECEMBER 4, 1952

VOL. 47, NO. 4

Around the Square

There was a long shadow and a hearty "Hi" when Milt (former Mayor) Steinberger dropped by last week to say he and Mrs. Steinberger would be seeing us around 'til after Christmas. They're here from their Phoenix home, staying with his sister, Miss Elizabeth Steinberger, at 529 Mariposa, during the holidays. He said we could quote him: we will; "I've been all over the country, and this is still the best darn little town and the best darn people anywhere. Got quite a shock when I didn't see the PE station; but you know, that little spot looks pretty nice." Seems like old years, mayor.

If there's any truth in the statement that misery loves company, then Sierra Madreans who worry about local parking should find some consolation in this item. Word comes by carrier pigeon that shoppers in Pomona will be hopping local buses free of charge between the evening hours of 6:30 to 9:30 p.m. beginning Dec. 15. How come? Because the merchants, who are staying open evenings at those hours, are paying the bill. They say they don't want their customers irked by—you guessed it—the parking problem.

Reminds us not only of our own local parking problem, which the merchants and city councilmen are working on, but also puts us in mind of the psychology of music as employed by so many stores throughout the land. Years ago some people laughed at the theory of wafting the sound waves of soft music within a grocery store, hardware store, or general merchandise mart—but look at them now! Some stores in the land use music throughout the year—probably on the theory that music relaxes and that the relaxed customer relaxes his pocketbook—but especially is this true at Yuletide. Even in Sierra Madre, without a Chamber of Commerce to organize things, you can hear the strains of "Silent Night" broadcast through the Square, during the Christmas season.

We could go into the subject of how the average housewife, shopping for a choice piece of meat, will elbow her way until she becomes a shopping "savage beast," and how some merchants may figure that music can soothe that savage beast, but we won't. We still believe that all of us like music, whether it be a sales psychology or not. Shopping, especially at holiday time, has always been an arduous task—and if the merchants try to make it more pleasant then more power to them!

Hjordis Parker Returns From Tour To Be At Civic Tonight

Hjordis Parker, who left Oct. 9 for a film lecture tour about Norway, returned to Sierra Madre last Friday after appearing before an approximate 50,000 people in seven states. She will be the first resident of Sierra Madre to give a one-woman show in Pasadena's Civic Auditorium in Elmer Wilson's "World Adventure Series" when she presents a film lecture there, "Saga of Modern Norway," Thursday evening, Dec. 4.

The states she visited on her recent tour were New York, Ohio, Illinois, Michigan, Wisconsin, Missouri and Iowa. In Chicago her show in Orchestra Hall was attended by the Norwegian General Consul and his staff, who entertained her during her three different visits there. After completion of her tour, she was invited by the National Geographic Society to set a date for her second appearance in Washington, D.C., in Constitution Hall, which seats 4000 people.

Mrs. Parker came to this country as a child from Oslo, Norway. Her father served in the Norwegian diplomatic service. She became an American citizen and later a student of journalism and languages at the Universities of California and Washington.

Her life followed the normal course of marriage, complete domestication punctuated by club work and civic activities. Then came the shock of the 2nd World War and the tragedy that struck her native country. At the close of the

Bids on Swim Pool Job Are Being Heard

The bids that so far have been made for the building of a swimming pool in City Park range from \$45,000 to \$60,000, according to Ralph "Pappy" Welch, chairman of the Swimming Pool Ways and Means Committee.

The figures quoted do not include the cost of dressing rooms and plumbing facilities. Welch said last Monday afternoon at an impromptu meeting of interested citizens attended by W. R. Lees, Judge John Mead, Thomas Schwartz and Edwin Timrot.

One of the most popular questions at the meeting was: "Where's the money coming from?" Chairman Welch expressed confidence in the belief that Sierra Madreans would pitch in "to put the deal over."

The position of the pool at the west end of City Park was discussed, and Welch appointed Judge Mead and Councilman Charles H. James to study the zoning problems that might arise in locating the pool.

Schwartz suggested that a wall be erected at the south and west edges of the pool to cushion the noise of crowds that otherwise might disturb the neighbors. It was agreed by all that such a wall should be included in the plans.

Bank Displays Float Trophies Won By City

The Bank of Sierra Madre is now displaying pictures of Sierra Madre floats which, in years past, have been entered in the New Year's parade sponsored by Pasadena's Tournament of Roses Association.

In viewing the exhibit, patrons of the bank also will see some of the trophies awarded to the City of Sierra Madre in its long history of prize winning floats, including the one of 1918.

Available at the bank are the printed forms by which Sierra Madreans may cast their votes for the six girls to be selected for the float this year. For every dollar contributed toward the \$1500 needed for construction of the 1953 float, each contributor has the privilege of casting ten votes for a local girl.

The six girls to ride the float must be 16 years of age, or older. Charles E. Louk, chairman of Sierra Madre's Float Committee, has announced.

Louk predicts that Sierra Madre will have another winner on the first day of next year, with its New Year's entry in the parade's theme of music, "Abdul A-bul-bul A-mir," provided the people of Sierra Madre rally around with their cash donations and personal services to help create the float.

SANTA GIVES DIRECTIONS FOR LETTERS

NORTH POLE—(Special to the News)—Santa Claus has issued a bulletin designating the Sierra Madre Fire Department as his official receiving depot for forwarding Christmas mail.

Mr. Claus, white-whiskered dean of Christmas giving, said Sierra Madre boys and girls should address their letters to him, in care of the local Fire Department.

It is understood that the fire fighters will forward the letters to Santa at frequent intervals during the next few weeks.

At his press conference yesterday, Mr. Claus stroked his beard, grinning broadly, and disclosed that he has kept "a careful watch" on Sierra Madre youngsters this year and that "most of them have been good boys and girls."

"Please tell any of the youngsters who are shut in, through illness, to drop me a line," he said, "or get mommie to, and maybe I'll be able to pay them a personal visit Christmas Eve."

When Santa was told that a few of Sierra Madre's boys and girls have been writing to him since last summer, he didn't say anything—but he chuckled, with a big twinkle in his eye.

City To Attempt New Rubbish Haul System

Residents of Sierra Madre who have not yet received their marked calendars from City Hall should receive them in the very near future, according to R. Merritt Baker, city superintendent. Purpose of the calendars is to solve the problems that so far have existed in the collection of trimmings and other combustible refuse—it is hoped.

At the top of the calendars one day of the week is marked in large red letters; either Monday, Tuesday, Wednesday, Thursday or Friday. The day named is the day scheduled for the collection of combustible rubbish at whatever house the calendar is delivered to.

In the case of Monday, for instance, the question might still arise: "Which Monday?"

The answer can be found on the calendar where the date has been inked to designate the first, second, third, fourth or possibly the fifth Monday of each month.

The calendar also points out that "It is unlawful for refuse to be placed on the parkways for prolonged periods prior to regular collection days."

It also is stated that when a sufficient number of householders use containers, plans have been made to make collections of rubbish twice a month instead of just the one hauling that now is made.

Sierra Madreans who would like to do their share in helping to improve the appearance of city streets can not only accomplish this but also can simplify their own combustible rubbish problems by discarding haphazard containers in preference to a type of container described as follows:

One that is metal, or waterproof wood, or waterproof fibre, without interior projection which could cause waste material to stick when container is being emptied. The proportions would preferably be larger at the top diameter than the bottom, to make the con-

tainers easier to empty, but straight-sided cylinders also would be acceptable.

Rectangular wooden containers with a capacity of not more than two and one-half cubic feet might be used so long as they remained in good condition.

City Superintendent Baker has said that much of the city's success in the new plan depends upon the cooperation of residents. It would require that fallen tree branches and other similar objects should be cut or sawed into lengths not over four feet and tied at both ends.

Once the proper use of containers become the rule, other containers which did not meet requirements, or deteriorated to the point of being flimsy or unsafe, would be tagged once and, if put out again, would be removed as rubbish.

Lest the new system be too much of a hardship, Baker points out that it could be put into effect gradually, between now and Mar. 1, at which time all residents would be expected to comply with the new requirements.

The use of proper containers has been adopted successfully by San Diego and other communities. It is an important part of the plan through which it is hoped to rid Sierra Madre from further references to its "Tobacco Road" appearance, Baker says.

The present distribution of calendars is the first step in the city's efforts to educate the people towards the realization of such a system.

Dean Stoddard, Chief Warden in Sierra Madre's Civil Defense System, tested last week by Associate Director Col. C. R. Gildart, reports the need of section and block wardens in order to organize the city's defense against enemy attack or other disaster.

White Tells of Need to Build For 400 More City Students

Because Sierra Madre's City School is 10 to 15 per cent over capacity, the Elementary School Board here is seeking a new building site, Howell N. White, Jr., board president, announced at a Coordinating Council meeting Tuesday night at the Community Nursery School.

As a result, White says, the School Board anticipates that action must be taken this winter or early spring toward a new school bond. It was indicated that the board is examining an eastern section of Sierra Madre for the new school site.

"The School Board members believe they will be to blame if they allow the last available site in Sierra Madre to go as a subdivision," White said.

According to present plans, the new school house would be built to accommodate six grades, or 400 students. This, with the present school's proper capacity of 600, would bring Sierra Madre's total student capacity to 1000, for a total city population of 10,000.

The Board members believe that Sierra Madre may reach that point sooner than the average resident may think.

White, in tracing the growth of students at City School, mentioned the failure of the school bond issue of five years ago when the School Board wished to build another school in the eastern part of the city. As a result of that failure, students here in the seventh grades had to be sent to Pasadena schools.

The idea of buying property near the present school, White says, would be an expensive one to carry out, considering the new homes that have increased property values in that section.

White said he was distressed at publicity that suggested there definitely would be no junior high school in the Hastings Ranch area. He giving the impression that the current controversial subject of the forthcoming Pasadena school bond was not closed. The Wilson and Marshall Junior High Schools, he said, are already serving Sierra Madre students at, or near, capacity.

White stated that the Sierra Madre School Board had always done its planning for the future with the assurance that there would be a new junior high school in the Hastings Ranch area. There would be a further discussion of this subject when the School Board here meets with the Pasadena School Trustees Dec. 8, in Pasadena.

James Stivers, Jr. of Pasadena, in addressing the Coordinating Council meeting, said that the East Pasadena group was in accord with Sierra Madreans' thinking when it came to the subject of adequate school space for students in this section. He pointed out, however, that the Pasadena School Board faces a most complex problem in whether it should remain a 6-4-4 system or change to 6-3-3-2.

Another who spoke at the meeting was Ralph Welch who told of measures that might be taken in Sierra Madre to promote funds for building a swimming pool in City Park.

ONE-WAY STREET ON HUNTINGTON

Sierra Madre commuters should be reminded that Huntington drive from Alhambra road to Holly in Arcadia has become one-way. Where traffic previously had been allowed to go both ways in that section, police began last Monday to acquaint motorists with the new rules whereby the north division there was open only to West-moving traffic, with the south Huntington drive open only to eastward traffic.

After a few days of education motorists were warned that citations would be issued for those who persistently fail to obey the new system. In the meantime, police have been more interested in helping motorists to avoid accidents.

'CHRISTMAS CUP' AWARD SCHEDULED FOR DEC. 13

The Sierra Madre News will make its Fourth Annual "Christmas Cup" Award Saturday, Dec. 13. The trophy will go to the merchant who dresses his store with the most beautiful decorations in the downtown area.

The judges will be Lorne Pratt, Sierra Madrean who is the manager of the San Gabriel Chamber of Commerce, and Artist Marvin Weese.

The award last year went to Carl Hansen, Ford dealer, for his window display of a specially treated Christmas tree and wreaths.

The "Christmas Cup" changes hands each year, until someone wins it three times. Any 3-time winner may claim the cup as his own—permanently.

BOWMAN'S WIN NEW CAR AT GROCERY

"Lady Luck" was riding on the shoulder of two of our neighbors in Sierra Madre. Mr. and Mrs. Ray Bowman of 161 N. Lima, won one of the 1952 Plymouth 4-door sedans in the drawing sponsored by a valley market.

Mrs. Bowman is an occupational therapist at the Pasadena Spastic Children's School and Mr. Bowman is a teacher in our Sierra Madre Elementary School. She reports that they both have cars that are of such an elderly age that their lucky win "is a blessing in disguise."

Mrs. Bowman had but one ticket stub among the tens of thousands that were entered in the drawing.

MEETING YOUR NEIGHBORS IN

Hastings Ranch

KAY GATES, Custer 5-2183

For the readers of this column who have followed with interest the proposed rubbish station in East Pasadena, the Halstead Transfer Station, there is good news this week. At a recent meeting the Board of Supervisors denied the permit to Henry J. Adams to establish this station at his requested location, 500 feet west of Halstead street adjacent to the Santa Fe Railroad tracks.

Mr. Adams was allowed five days in which to appeal this measure and since no communication has been received it looks as though the battle is won. Many thanks to all of you for your tremendous and successful efforts in fighting this proposal.

The Hastings Ranch Garden Club held its monthly meeting last week in the home of Mrs. Charles Ayers on Canfield road. At a short business meeting, plans were made for an exchange of plant cuttings and slips between members of the club. Then the president, Mrs. Jay Rimmel, gave a very interesting demonstration of the various basic principles used in making artistic floral arrangements for the home. The meeting continued with each member showing the holiday mantel or table pieces she had brought and discussing how they could be varied to suit the color scheme or occasion. Many helpful hints for Christmas decorating were exchanged.

The afternoon ended with a surprise baby shower for Mrs. William Hogaboom—a real surprise, too, for the honored member who was speechless when a large basket, decorated with pink crepe paper and overflowing with gifts, was set on the floor in front of her. Refreshments followed the theme of the shower—attractive cakes with pink and blue icing and a white stork on top, little pink and blue cups of nuts and candy, all served on pink and blue

plates. (P.S. We observed that pink predominated in the colors of Mrs. Hogaboom's gifts. Couldn't be that her friends are "pulling" hard for a little girl this time for the Hogaboom's who already have three boys romping in their home on Canfield road. Seems the boys insist, however, that the new addition will be "Stewart." We'll have to leave it to Santa to decide.) Nancy Millikan recently celebrated her eighth birthday with a party in her home on Canfield road. The girls in her third grade room at Field School were her guests for the afternoon. Rainy weather made a quick change of plans from an outdoor to an indoor affair; however, the girls were entertained by making their own Christmas decorations under the capable supervision of Nancy's mother, Mrs. Sheldon Millikan, and her two aunts, Mrs. Don B. Millikan of Altadena, and Mrs. Alfred James of New Hope, Pa. Mrs. James has been visiting the Millikans here in the ranch.

Mr. Dan Taylor of Canfield road had a birthday the other day and made it a dual celebration. The Taylors celebrated with their old friends, Mr. and Mrs. D. C. Christie of Arcadia, and it was Mrs. Christie's birthday also, and the couples dined at Sea Food Tavern then attended the Mark production at the Pasadena Playhouse.

Breakfast For 'Rose Queen' December 17

The queen of the 1953 Tournament of Roses will be publicly introduced for the first time Dec. 17 at the annual "Rose Queen's Breakfast" in the Crystal Room of the Hotel Huntington, at the early morning hour of 7:30 o'clock.

She will be attended by her six princesses, to be introduced by the breakfast chairman, Dr. Richard Hambleton.

Tickets for the event are on sale at the Junior Chamber of Commerce office, in Pasadena. More than 450 civic leaders and business men are expected to attend the breakfast, according to Dr. Hambleton. Honored guests will be the mothers of the girls, former president and Rose Queens.

Scrolls will be given to each of the seven girls, who are Diane Armstrong, Leah Feland, Sandra Gilman, Jacqueline Ann Hoerger, Eleanor Marie Johnson, Judy Lynne Roberts and Nancy Smith.

Diane Armstrong, a resident of Sierra Madre, is well known here as a former Wistaria Queen, movie starlet and magazine cover girl. She is a student at John Muir College.

Foothill Hadassah Sets Program Dates

The Foothill Chapter of Hadassah will have a dessert luncheon on Thursday, Dec. 11, at the Foothill Jewish Center, 212 N. Lima, at 1 p. m.

On Wednesday, Dec. 17, members of the sewing group will meet at the home of Mrs. Marc Harris, 1930 S. Second avenue, Arcadia, for an all-day sewing session. The hostess will serve coffee, and members should bring sandwiches for lunch.

FIRE FLAMES

This time of year the firemen and their wives are very busy keeping up the regular drills and fire department work and combining the Christmas Party preparations. While the men devote much of their spare time at visiting the residents to remind them that it is Yuletide (by presenting them with a very pretty ticket)—the wives are at work sewing stockings. The wives and the men are very grateful to the owners of Richley of California (located west of the Sierra Madre Hardware Store), for their genial acceptance of the responsibility of cutting the large rolls of netting into the shape of stockings. If this cutting were done by hand, there would be a lot of fire ladies that might regret they had scissors. Each year—"Morry" and Ralph accept this task very graciously and we can depend on a fine job of cutting. To make 1000 stockings from a roll of mosquito netting requires a lot of time.

From now until Christmas Eve, there is plenty to do. The stockings will contain nuts, candy and fruit when completed and will be distributed to the children at the City Park, beginning at 7 o'clock sharp on Christmas Eve. All children are welcome and expected.

Another house fire occurred during the past week or so. This is too bad, because it mars our low fire loss record. Despite this, there has been a very low fire loss for the year. The fire was caused by materials too near an open gas flame and it should be a warning to all of us, to keep things away from heat. A good run by the firemen and quick action saved the house from flame destruction. Most damage was done by heat and smoke inside the house.

A recent drill held in one of the new residential districts brought out a lot of unexpected thrills. The residents appeared to learn of the drill and to see the new men get all tangled up in a few lengths of fire hose. When they were told that the presence of the fire equipment was only for drill, one of the wits saw Fred Richter pulling John Goodall from the ramble of hose and remarked, "It looks as tho' they need the practice."

That is exactly what we all need. If we fail to practice fire fighting for the shortest length of time, we are bound to become stale on some important move. To add to the excitement of the hose tangle, one of the high pressure lengths burst, and to the glee of those who are accustomed to being razed, the Chief was standing too near the exploding hose to escape.

Students Will Attend Youth Concert Dec. 6

A capacity audience of 3000 is expected to fill the Civic Auditorium in Pasadena at the Youth Concert, for which students at Sierra Madre City School alone have bought more than 100 tickets, when Alfred Wallenstein directs the Los Angeles Philharmonic Orchestra next Saturday morning at 11 o'clock.

Sponsored by the PTA and the Pasadena Junior Philharmonic Committee, tickets are obtainable within the vicinity through the PTA music chairman of public schools, and the music teachers at parochial and private schools.

So far, reservations have been reported from Pasadena, Sierra Madre, Burbank, Altadena, San Marino, South Pasadena, Arcadia and San Gabriel schools.

Twenty hostesses have been assigned to the auditorium during the concert to make sure that the audience is undisturbed by young pranksters while it listens to such great works as Ravel's "Mother Goose Suite" and the second movement of Beethoven's "Symphony Number Eight," also "Anitra's Dance," and "In the Hall of the Mountain King," from Grieg's "Peer Gynt Suite."

Auxiliary Has Exchange Party

The Auxiliary to the Sierra Madre Community Nursery School had a "Christmas idea exchange party" last night, at the home of Mrs. Harold Bartel, 566 Manzanita avenue.

All the members brought things that they made for either holiday gifts or decorations, and shared their ideas with all those attending the party.

'Stalag 17' Opens Tonight At Playhouse

A barrage of salty laughter is "Stalag 17," the Bevan-Trycinski comedy-drama which is aimed at Pasadena Playhouse from Dec. 4 to 14. The hit play also uses a crackling string of high tension drama, excitement that makes a double barreled evening for playgoers.

A Nazi prison camp, a stalag numbered 17, is the setting in which a group of American army men provide the antics and the action.

Via dialogue of the earthy sort, understandable to adult ears and minds, the men from the USA provide entertainment and thoughts for their all-male predicament. There is an "ir-former" in the stalag and, in the tensi of a life and death deal, it's up to the men of "Stalag 17" to find him.

An all-star cast plays the Pasadena staging, with Adam Williams, Stanley Adams, etc., under Boris Segal's direction.

WILLIAM DEUTSCH SUCCUMBS AT 75

William Emil Deutsch, a resident of Sierra Madre for 67 years, died in a Los Angeles hospital Sunday after a three-week illness. He was the last of the charter members of the Sierra Madre Masonic Lodge.

Deutsch, who was 75, first came to Sierra Madre as a small child, after his parents' home along the Los Angeles river had been washed out by a flood. His last residence here was at 27 W. Laurel.

He leaves his widow, Carrie; two daughters, Mrs. Marjorie Bever of Monrovia, and Mrs. Irma Sheppardson, Rivera; two sisters, Mrs. Lillian Turner, Arcadia, and Mrs. Emma Anderson, Monrovia; and two granddaughters.

Services were conducted Tuesday afternoon at Grant Chapel, with Rev. Carl Smith officiating. Interment was at San Gabriel Cemetery.

Lady Lions In Yuletide Seal Campaign

Los Angeles County's 1952 Christmas Seal sale enters its second phase this week, when volunteer committees throughout the area open sales booths and place self-service Christmas Seal dispensers in key retail stores.

Mrs. Douglas R. Dickson, 430 E. Laurel, has been named chairman of the Sierra Madre Lady Lions committee which will place the self-service dispensers in stores here.

LAUGHLINS HAVE VISITORS
Mrs. W. C. Laughlin, 73 W. Highland, entertained last week for her cousins, Miss Stella and Navy Warner of Oskaloosa, Iowa. Also on the guest list were Mr. and Mrs. Harold Churchill of Stockton.

Teen Talk.

By Julie Conzelmann

As usual, this Thanksgiving meant the traditional round of activities: The Gobble Hobble on Wednesday night, and the Turkey Tussle on Thanksgiving Day. Seen at the Gobble Hobble from Sierra Madre and having a wonderful time were Molly O'Donnell, Daniel DeBelis and Ronnie Boorman. On the field the Turkey Tussle ended with the fantastic score of 67-7, favoring the mighty Pasadena Bulldogs, but Muir kept good spirit through the whole game. And in the rooting sections of the two rival schools, it was just like "Old Home Week" with everyone home from college for the weekend.

Hats off to John Woehler, whose name appeared by two very amusing stories in the Big Game Issue of the Stanford Chaparral, which is, of course, the Stanford magazine.

Sierra Madre is honored by having Diane Armstrong, of 57 Lowell, in the Tournament of Roses Court this year. (Also candidate for Queen!) Diane is a student at Muir and the Commissioner of Assemblies there.

Home for the four-day weekend from Stanford, the home of the Indian, were Pat Halperin and Julie Conzelmann, freshmen, and Margo Woodworth, who is in her sophomore year there. Also from up north, Shirlee Peterson came down from Cal for a quiet visit home. Unable to come down for the Thanksgiving holidays, Sue Marmion will be home next weekend to stay through Christmas. Sue goes to Mills.

Charlene Boorman is the secretary of the Canyon Vaqueros,

superintendent, spoke on behalf of the Kiwanis Club when he said the club would provide a waiting bench for the city's shelter house in the downtown Triangle. This statement brought smiles from the audience, not at mention of the bench, but at the reference to the shelter house—which, so far, doesn't exist.
Mrs. Evelyn Woodworth announced that sponsors of Family Service are soliciting funds to support the service.
Mrs. Ralph Twedell spoke possible volunteer task for some civic group, whereby young people might be helped to find jobs.
The treasurer's report was about "Jobs for Juniors" as a read by Mr. I. Inouye.

The Stanton Irvines Visit Mrs. P. F. Jack

Mr. and Mrs. Stanton E. Irvine of San Diego were guests at the home of Mrs. Irvine's mother, Mrs. P. F. Jack, 40 N. Hermosa, over the Thanksgiving holiday.
Mr. Irvine is the Bible Club director for Youth for Christ in San Diego.

who sponsored a horse show at the Santa Anita Stables on Nov. 30. Participants from Sierra Madre included Charlene and Martha and Carol Sweezy. The show was reported to have been a tremendous success.

Flo-Ree Pascoe, Sally Draper and Nancy Moffat enjoyed punch and wedding cake at the reception following the wedding of Betty Parrott and Kenny Short of Pasadena. The reception was held at the First Baptist Church in Pasadena.

Jack Carver writes that he is having a wonderful time at the General Motors Institute in Michigan with his studies and having great fun traveling north of the school to the homes of his friends in the so-called "wilderness." No smog, he says.

Fashion-wise now, girls are wearing those beautiful leather belts decorated with medallions and emblems with their tweed skirts and jersey blouses. And for night wear? Why it's a T-shirt, but an especially nice one with glittering trim for the holiday parties.

the opportunity of lecturing before the finest audiences in America. When not on lecture tour, Mrs. Parker lives happily with her husband, Don Parker, and her two children, Don Jr., 17, and Elise, 14.

On one occasion, during the filming of "Saga of Modern Norway," it became necessary to reach a tiny bird island that was far from any tourist route. The lecturer and her co-worker, Sverre Gjendem, were on a coastal steamer near North Cape. By radio, a small fishing boat was contacted and instructed to meet the steamer at a chosen spot. In mid-sea the transfer from steamer to fishing boat was made. The six-hour trip by small open boat through a stormy arctic sea, that followed, was an experience enjoyed more in retrospect than in actuality, Mrs. Parker says. However, she found the strange arctic birds and filmed their activities.

Another time, she and her associate photographer flew to Lapland on a seaplane, part of the time between mountain walls, at other times so close to the arctic mountain peaks that the noise of the plane scattered the herds of wild reindeer that were grazing on the summits. In Lapland, Mrs. Parker made friends among one of the Lapp tribes. On foot, she covered long distances with them over the arctic tundra, played with their babies and shared their meals of dried reindeer meat and coarse bread. She filmed a complete story of their activities . . . much of it by the light of the midnight sun.

"Saga of Modern Norway" follows Norse life from infancy to old age. Mrs. Parker found three old persons living on a mountain top on Norway's loneliest farm. They were the remnants of two families which had been perched up there continuously for over 1000 years. The path to their farm led almost vertically up from a remote fjord . . . a dangerous three-hour climb! "Naturally," said Mrs. Parker, "people don't just 'drop in for tea' at such a place. We were their second guests that year!" They served her milk and freshly baked bread with goat cheese in their "modern" house which they had finished in 1908. It had taken 30 years to carry up enough materials to build this house. The story of these old people brings the film to an end.

Hugh Colvins Move

Mr. and Mrs. Hugh F. Colvin and their children, Carol, Donnie, Barbara and Mary Ann, moved this week from their home on W. Sierra Madre boulevard to their new home at 336 Sturtevant, which was formerly owned by the L. D. Stiths.

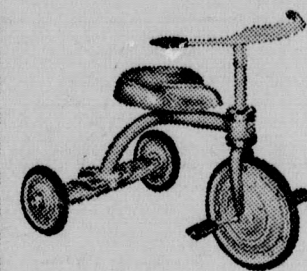

DR. HERBERT IN HOSPITAL

Dr. C. L. T. Herbert of 223 N. Mountain Trail went into the Monte Sano Hospital last week for eye surgery. Dr. Herbert is expected home sometime this week.

You'll have nicer laundry. Towels are always soft, fluffy, lint-free—never stiff and harsh.
You'll save ironing. Many pieces leave your dryer so wrinkle-free they can be folded and put away without ironing.
Your laundry will be spotless. Soot, smog, rust and other drying hazards can't touch your clothes.
You'll be independent of the weather. An automatic gas clothes dryer is ready to serve you day or night, rain or shine. So convenient if you're not home days.
You'll save time because gas dries clothes faster than California sunshine—faster than any other fuel. You'll save work. No more lugging heavy baskets to outside lines. No more hanging up and taking down. You just toss in wet pieces—set control—remove them when dry.
What's the operating cost? Less than 2¢ per dryer-full. The installed price of an automatic gas clothes dryer is also less than that of other automatic dryers. See a demonstration at your dealer's and arrange for a 10-day free trial in your home.

In listing these names, Stoddard says:

"The above names of Area Wardens cannot be mentioned without stating that in practically each case the wives of these men have assumed the responsibility of associate or alternate Area Warden and even in the face of some conflicting duties with other activities have proved themselves as literally the better half."

"Our last Civil Defense Drill had as its main objective the mobilization of our Warden Activity to determine how completely we were manned and how efficiently each warden reported in to the Section Warden or Area Warden either personally or by means of an alternate. The results were very encouraging and significant especially in showing whose area was adequately organized and above all to impress us with the fact that each warden should have at least one responsible alternate who is in a position to take over his duties when he is away from his block or post. We in Sierra Madre are typical of all of the suburban areas and many of us are out of town during the day. We must have one or two alternates who are acquainted with our duties and who will be available to take over when and if an unannounced incident self-planned or imposed upon us by some outside force takes place!"

Lura Bousman to Wed Chandler Wilcox of City

Miss Lura Ann Bousman, daughter of Mr. and Mrs. Tracy R. Bousman of Altadena, was the guest of honor at a bridal shower given by Miss Esther Pearson, daughter of Mr. and Mrs. Martin L. Pearson of Pasadena, last Friday evening.

Miss Bousman will be marrying Mr. Chandler Proctor Wilcox, son of Mr. and Mrs. William B. Wilcox of Sierra Madre, Dec. 20 at the Westminster Presbyterian Church in Pasadena.

Both Miss Bousman and Mr. Wilcox attended Pasadena City College and are now attending the University of California at Santa Barbara.

Storkland

A son, Richard Carl, has been born to Mr. and Mrs. Carl H. Bischoff, 185 Santa Anita court. Young Master Bischoff was born last Nov. 30 at St. Luke Hospital and weighed in at 6 pounds, 12½ ounces. The Bischoffs have another son, Bruce.

Woman's Club Plans Annual Lunch Affair

The members of the Sierra Madre Woman's Club will have their annual Christmas luncheon, Wednesday, Dec. 10, at their clubhouse.

The president, Mrs. E. W. Beutler, will preside at a short business meeting at 11 a. m. Immediately after the meeting, Mr. Osweil Leonard Jackson, curator of Laguna Beach Art Gallery, will give an illustrated talk on "Christmas in Pictures and Stories."

In keeping with the Christmas season, the program chairman, Mrs. Percy Kortkamp, has planned a group of carols presented by members of the club.

Mrs. A. G. Bonn is chairman of the luncheon committee and Mrs. Hazel Pries is in charge of decorations.

As has been the custom of the club in the past, plans are being made to share the joy and plenty of the holiday season with others. Members are being asked to bring gifts of pantry foods and small personal items, wrapped in gay Christmas paper, to this luncheon meeting. These gifts will be delivered to the Mary Martha Home in Los Angeles. This holiday project is traditional with the club.

Drive right—on the right.

Here are the final results of the Junior High Football League. It ended in a three-way tie in the "A" league between Marshall, Eliot and McKinley, in one of the most exciting seasons in a long, long time. Over in the B league, the La Canada Dons took the title. La Canada won the title by playing the Washington Bears in a playoff game. The game ended in a 0-0 tie, but it still went in favor of the Dons, for Washington had tied another game earlier in the season. The final standings looked like this:

"A"		W.	L.
Marshall	5	1
McKinley	5	1
Eliot	5	1
Wilson	3	3
Temple City	1	5
La Canada	1	5
Washington	0	6

"B"		W.	L.
La Canada	5	0
Washington	5	0
McKinley	4	1
Marshall	3	1
Wilson	1	4
Eliot	1	3
Temple City	0	5

For a moment we thought that PCC would be able to go to Tyler, Texas, for the Rose Bowl game there. No. Reason is, the sponsors of the Tyler, Texas, Rose Bowl game wired the school Nov. 24 and said that they would be unable to meet the specified \$7000 guarantee. And Pasadena can't make the trip without the guarantee. Nevertheless, they still have their eyes upon the Gold Dust Bowl in Northern California.

"Read 'em and weep" was the expression used while people read the papers last Friday morning. Yes, believe it or not, Pasadena literally massacred Muir, 67-7. It was the fifth time Pasadena won in the six years that the "Turkey Tussle" has been in existence. The Bulldogs' 67 points were the most scored by a team in the series, and Muir's lone touchdown was the first time that either team has been held to less than two touchdowns in an intra-city game.

FILM OF ALASKA AT M-D TONIGHT

Amosa Burg, author, lecturer and explorer, who recently returned from the Arctic regions, will speak and show his color film "Alaska—America's Strategic Outpost," at the Monrovia-Duarte High School auditorium, tonight at 7:45 p.m. This is a Community Forum presentation.

After four months of adventurous exploration and daily contact with the Eskimos and the white people in the icy regions up north . . . making observations and taking minute notes for his own research to be used in his forthcoming articles in National Geographic Magazine, Mr. Burg has a fascinating picture and a tale to tell of life in the Arctic zone.

It is expected this lodge will be completed in the spring and there will then be a dedication ceremony to which all those belonging to and interested in Campfire will be invited.

NOTICE IS HEREBY GIVEN that Thomas P. and Blanche Buie have filed with the Planning Commission of the City of Sierra Madre an application for a zone change from R-1 (Residential Single) to R-3 (Multiple Family) as to certain real property described as:

Lot 48, Pinney Hotel Tract, in the City of Sierra Madre, and located at 225 North Lima Street.

That pursuant to the provisions of Ordinance No. 391 of the City of Sierra Madre as amended, the Planning Commission of the City of Sierra Madre at a regular meeting held on November 20, 1952, fixed Thursday, the 18th of December, 1952, and Thursday, the 22nd of January, 1953, at the hour of 8:00 p.m. in the Council Chamber in the City Hall of Sierra Madre as the time and place for holding public hearings upon said application.

Upper Hastings Ranch Party Line

Marge Thomas, CU. 5-2951

Fourteen of our girls became members of Brownie Troop 422 in the traditional Girl Scout investiture last Nov. 25. The meeting was held at the home of Mrs. Bruce Walton, co-leader of the troop, at her Hastings Ranch road home. Mrs. J. Howard Ashead, leader of the troop, presented each new member with her pin. Following the ceremonies, the girls served coffee and cookies to their mothers and made plans for decorating Christmas trees, which they will distribute to the local hospitals. The proud girls, walking off with their pins, were Carla Anderson, Linda Ashead, Sandra Ballard, Bonnie Boyce, Judy Bescher, Ann Friederici, Elaine Hesse, Karen Leslie, Linda Ann Partch, Kathryn Pruitt, Nancy Spence, Carole Taylor, Susan Walton and Kathleen Williamson.

Pepper Hill road has had a new young lady added to its list of neighbors. Geraldine and Harlan Dunn presented three-year-old son, Harlan Jr., with a sister, Laura Louise. Miss Dunn was born Nov. 8 at St. Luke Hospital and weighed in at 6 pounds, 13 ounces.

Thought Waves

... with William Fischer Hair Fashions

Certainly have stirred up plenty of excitement in the village this week with the announcement of the One Hundred Dollar permanent wave contest we're conducting.

Will YOU be the Lucky Woman on Christmas Eve?

Will You be the First Lady in Sierra Madre or Pasadena or Arcadia or Cucamonga or wherever you live to proudly show off this most fabulous of permanent waves?

Of course, most everyone who has phoned the Salon for details about this Fabulous contest of ours wants to know, "What in the world would make a permanent wave—any permanent wave—worth a hundred dollars?"

Naturally, we ourselves have seen Fabulous Permanent—it's part of our business to keep up with What's New and What's Fabulous in hair beauty—so we can vouch wholeheartedly for the results: fabulously lovely waves and ringlets, a soft, naturally curly look right from the start, a shining hair beauty, a lasting curl.

But it got us to thinking . . . so we long-distanced the makers of this incredible permanent and queried: "Brush us up on this little detail. How come the Fabulous permanent costs one hundred bucks?" And their reply was something like this: "For one thing, ingredients are costly. One unguent alone sells for \$2000 an ounce! But aside from that, tell us why women pay \$110 for a purse when they can buy a perfectly presentable one for less? And, when there are \$1250 mink coats available in the finest fur salons, why do women pay \$5000 for one?" So there you have it!

Let us say that the Fabulous Permanent costs \$100.00 because, to many women, it is worth it . . . for the "psychological lift" . . . to please a husband . . . to make other women green-eyed. . .

And let us add: We're going to AWARD a One Hundred Dollar Fabulous Permanent to some one on Christmas Eve—absolutely free. How? Call us at Custer 5-1366 and find out.

Nancy will tell you all about it, if she isn't in the midst of gently managing a mangled cuticle (the manicures she gives are marvelous!) . . . or Donna, the other of our trophy-winning hair-styling team . . . or the Head Man . . . or maybe we will have called in a special telephone-answerer for the occasion.

Really, it's Big News! And we're eager to tell you all about it. Phone us . . . or stop in at our Salon for a moment (perhaps to make your Holiday appointments, too . . . none too early for that you know). We're in the pink and green 'dobe on Sierra Madre Boulevard where Marshall's Nursery used to be. Address is 147, Phone, Custer 5-1366. See you!

(P.S. The we're crazy about the Fabulous Permanent, we've been turning out some beautiful permanent this season at prices much less startling!)

Gail, daughter of Christine and Gordon Templar, celebrated her fifth birthday last Saturday. The children had a wonderful time and Christine and Gordon were kept busy refilling the luncheon plates and refereeing the "big games." Mrs. John F. Craig, Christine's mother, made the trip up from Long Beach to share in the festivities. The guest list included Cynthia, Margie and Mike Harvey, Stevie Kelley, Debbie and David Johnson, Billy Semple, Chipper and Wendy Shiner, Marilyn and Marsha Hildie of Arcadia, and Wendy Woods of San Gabriel.

THE E. KNOWLES ENTERTAIN

Mr. and Mrs. Earl T. Knowles entertained with a dinner party last Thursday at their home, 313 N. Mountain Trail. Guests were Mr. and Mrs. Warren H. Johnson and daughter, Tessa Sue, of 675 Ramona, and Mr. and Mrs. Lester R. Anthony and sons, Steven, Paul and John.

BIDS ON From page one

Lees and Timrot reported on various types of material that might be used to withstand a tendency to crack due to earthquake or temperature changes. The size of the pool as currently planned would be 40 by 120 feet. Welch pointed out that such a pool would allow for races and other sports events even in the Olympic class.

A further discussion of vital points was planned for the meeting of the Recreation Council the following Wednesday.

ABDUL From page one

being prepared, and arrangements completed for radio and television coverage on major coast to coast hook-ups.

For those who plan to be there for the event, grandstand seats are on sale now to be purchased from private companies which have erected the stands. List of locations and prices are available from the Tournament at 164 N. Euclid, Pasadena 1.
